

Key Description

Teaching Course	Scientific Session: Main Topics	Free Papers
Plenary Lecture	Regional Symposium Session	Scientific Session: Topics
Sponsored Symposium	Tournament of the Minds	Breaks
	Japanese Scientific Session	

SATURDAY, SEPTEMBER 16, 2017

	Main Hall - Plenary	Annex Hall 1	Room A	Annex Hall 2	Room D	Room E	Swan Hall	Room B-1	Room B-2	Room C-1	Room C-2	Room G	Room F	Room H
14:30 - 18:00			Teaching Course: MS & Other Inflammatory Disorders Chairs: Xavier Montalban, Spain and C.P. Tsai, Taiwan	Teaching Course: Neurorehabilitation Chairs: Leonard Li, Hong Kong and Takashi Nakajima, Japan	Teaching Course: Neuro-critical Care Chairs: Liping Liu, China and Gene Sung, USA	Teaching Course: Headache Chairs: TBA and K. Ravishankar, India	Teaching Course: Neurology and Internal Medicine Chairs: Steven L. Lewis, USA and R.S. Wadia, India	Teaching Course: Rare Cases in Clinical Practice (Tournament Committee) Chairs: Richard Stark, Australia and Takashi Kanda, Japan	Teaching Course: Myopathy Chairs: Marianne De Visser, The Netherlands and Ichizo Nishino, Japan					
			14:30 - Diagnostic Approach in CNS Demyelinating Diseases Ching-Piao Tsai, Taiwan 15:15 - Immunopathology and Immune Regulation in MS Hans Peter Hartung, Germany	14:30 - Cyberic Treatment with the Cyborg-Type Robot HAL: Enhancing Functional Regeneration in Patients With Rare Incurable Neuromuscular Diseases Takashi Nakajima, Japan 15:15 - Impairment and Functional Neurorehabilitation Volker Hömberg, Germany	14:30 - How to Begin Multimodality Monitoring Michel Torbey, USA 15:15 - Treatment of Intracranial Hypertension Gene Sung, USA	14:30 - Trigemino-Autonomic Cephalalgias (TACS): Diagnosis and Treatment TBA 15:15 - Other 'Primary Headaches' Shuu-Jun Wang, Taiwan	14:30 - Neurology of Vitamin B12 Deficiency R.S. Wadia, India 15:15 - Neurology of Organ Dysfunction Steven Lewis, USA	14:30 - Headache Richard Stark, Australia 15:00 - Peripheral Neuropathy Takashi Kanda, Japan Stroke & Neurovascular Disease Faouzi Belahsen, Morocco	14:30 - Making Sense of the Clinical Spectrum of Limb Girdle Muscular Dystrophy Satish Khadlikar, India 15:15 - How to Approach Non-Limb-Girdle Weakness Marianne De Visser, The Netherlands					
				Coffee Break outside session halls (16:00-16:30)										
			16:30 - Therapeutic Approach of MS Xavier Montalban, Spain 17:15 - Treatment Strategy of NMOSD Ho Jin Kim, Republic of Korea	16:30 - Recent Advance in Stroke Rehabilitation Meigen Liu, Japan 17:15 - Hemiplegic Shoulder Pain: Strategy for Intervention Leonard Li, Hong Kong	16:30 - Beginning or Reversing Anticoagulation in Acute Neurological Disease Alejandro Rabinstein, USA 17:15 - Hemodynamic Therapy in Acute Neurological Disease Liping Liu, China	16:30 - Thunderclap Headache (TCH) Looking at it Differently K. Ravishankar, India 17:15 - Other Secondary Headaches (Non-Thunderclap) Rashmi Haliker, USA	16:30 - Neuromuscular Complications of Cancer Wolfgang Grisold, Austria 17:15 - Neurologic Disorders in Patient with HIV Virus Infection Parthasarthy Satishchandra, India	16:30 - Neuro-Infection Nicholas Davies, UK 17:00 - Polyneuropathies and Myopathies Ricardo Fadic, Chile 17:30 - Mononeuropathies Andrea Vass, Austria	16:30 - How to Read Muscle Pathology Ichizo Nishino, Japan 17:15 - Treatment Approaches in Hereditary Myopathies Zohar Argov, Israel					

	Main Hall - Plenary	Annex Hall 1	Room A	Annex Hall 2	Room D	Room E	Swan Hall	Room B-1	Room B-2	Room C-1	Room C-2	Room G	Room F	Room H
07:00 - 08:00						Morning Teaching Course Disturbances of vision and eye movements Christopher Kennard, UK								
08:00-09:15	Plenary Lecture 1: Fulton Award Lecture - Monitoring and Engineering Memory Engram Cells and Their Circuits (08:00-08:45) Susumu Tonegawa, Japan													
	Plenary Lecture 2: Concussion is Confusing Us All (08:45-09:15) David Sharp, UK													
09:15 - 10:45	M1a: Epilepsy - What is in a Name? New Epilepsy Definition and Classification and Why it Matters to the Clinician	M2a: MS and Other Inflammatory Diseases - Features and Diagnostic Approach in CNS Demyelinating Diseases	T1a: Neurorehabilitation Including Brain Machine Interface (BMI) - Innovative Approaches to Neurorehabilitation: Basic Neuroscience	T2a: Neurocritical Care	Free Papers	Teaching Course: Stroke I Chairs: Stephen Davis, Australia	WFN Council of Delegates Meeting			Teaching Course: Auto-Immune Disorders I - Autoimmune Neurological Disorders: Part 1 Chair: Sean Pittock, USA and Hans Lassmann, Austria	Teaching Course: Dementia I - Basic Chairs: Vincent Mok, Hong Kong and Murat Emre, Turkey	Teaching Course: Neurosurgery Workshop Chairs: Massimo Del Sette, Italy and Alexander Razumovsky, USA		
09:15 - 09:40	New Definition of Epilepsy-Who has Epilepsy Now That Didn't Have it Before? Jacqueline French, USA	New Diagnostic Criteria and Phenotypes of MS Alan Thompson, UK	Facilitation of Synaptic AMPA Receptor Delivery Leading to the Acceleration of Recovery of Motor Function with Rehabilitation after Brain Injury Takuya Takahashi, Japan	Managing Stroke After TPA/Embolectomy Kwon Lee, USA										
09:40 - 10:05	New Classification of Epilepsy and its Syndromes Emilio Perucca, Italy	Pediatric CNS Demyelinating Diseases Silvia Tenenbaum, Argentina	Experimental Neurorehabilitation Training Michael Selzer, USA	Updates in Managing ICH and SAH Claude Hemphill, USA		09:15 - Setting Up a Stroke Unit Michael Brainin, Austria				09:15 - Overview of Autoimmune Neurology Sean Pittock, USA	09:15 - Clinical Spectrum of AD: Non-Amnesic Variants as a Diagnostic Conundrum Morris Freedman, Canada	Part I. Vascular Neurosurgery 09:15 - Evidence Based Neurosurgery Massimo Del Sette, Italy		
10:05 - 10:30	New Seizure Names - What Happened to the "Complex Partial Seizure"? Ingrid Sheffer, Australia	The 2015 NMOSS Diagnostic Criteria - Are They an Improvement? Brian Weishenker, USA	Functional Recovery Secondary to Neural Stem/Progenitor Cells Transplantation Combined with Treadmill Training in Mice with Chronic Spinal Cord Injury Syochi Tashiro, Japan	Neuromuscular Disease in the ICU Gisele Sampaio Silva, Brazil		10:00 - What's New in Acute Stroke Therapy Stephen Davis, Australia				10:00 - Autoimmune Astrocytopathies Vanda Lennon, USA	10:00 - Current Alzheimer Treatments: Do They Matter and How Much? Ali Reza Atri, USA	10:00 - Neurosurgery and Its Role for Extracranial Carotid Artery Disease Manfred Kaps, Germany		
10:30 - 10:45	Discussion	Discussion	Discussion	Discussion										
10:45 - 11:15	Inaugural Exhibition Opening in The Exhibition Area													
11:15 - 12:45	M1b: Epilepsy - Epilepsy Care of Women Through the Childbearing Years	M2b: MS and Other Inflammatory Diseases - Immunopathology and Pathogenesis of MS and NMOSS	T1b: Neurorehabilitation Including Brain Machine Interface (BMI) - Innovative Approaches to Neurorehabilitation: Clinical Application	T2b: Neurocritical Care	T3a: Neurology in Migrants	Teaching Course: Stroke I (Cont'd)	WFN Council of Delegates (Cont'd)			Teaching Course: Auto-Immune Disorders I - Autoimmune Neurological Disorders: Part 1 (Cont'd)	Teaching Course: Dementia I - Basic (Cont'd)	Teaching Course: Neurosurgery Workshop (Cont'd)		
11:15 - 11:40	Epilepsy Management-Does Gender Matter? How Should Initial Treatment Choices be Impacted by Gender? How do Birth Control Options Impact Epilepsy Therapy and Vice Versa? Jacqueline French, USA	Immunological Abnormalities and Immune-regulation in MS Hans Peter Hartung, Germany	Plasticity of Expert Networks in Health and Disease Stephanie Clarke, Switzerland	Developing Neurocritical Care in Your Country Gisele Sampaio Silva, Brazil	Neurology and Migrants: What We Know, What We Learned by Neurosciences, What We Can Do? Antonio Federico, Italy									
11:40 - 12:05	Women with Epilepsy - Hormones and Fertility: What do we know About Hormone Changes Caused by Seizures and their Impact: What about Fertility? Sanjeev Thomas, India	Pathology of MS Subtypes (MS, CIS, RRMS, PMS, Halo Disease) Wolfgang Brück, Germany	Application of Therapeutic Robotics Leonard Li, Hong Kong	Neuromonitoring in the ICU Masao Nagayama, Japan	Neurocognitive Disorders in Aging Migrants Mustapha El Alaoui Faris, Morocco	11:15 - Advances in Etiology and Treatment of Cryptogenic Stroke Bo Norring, Sweden				11:15 - Antibody Mediated Neuronal Diseases and Immunopathogenic Insights Romana Wolfberger, Austria	11:15 - Diagnosis and Management of FTD in Clinical Practice Shinsuke Fujioke, Japan	11:15 - TCCD Ultrasound in Guiding Vasospasm Treatment After SAH Fabienne Perren, Switzerland		
12:05 - 12:30	Epilepsy Management Before and During Pregnancy - Management of AEDS During Pregnancy Tomson Torbjorn, Sweden	Pathogenesis of NMOSS Kazuo Fujihara, Japan	Restoration of Post-Stroke Upper Limb Paralysis With BMI Neurorehabilitation Meigen Liu, Japan	Cerebrovascular Risk Factors and Stroke in Migrants Serefhan Ozturk, Turkey		12:00 - Optimizing Antiplatelet Therapy: When to Start and Stop K.S. Lawrence Wong, Hong Kong				12:00 - Autoimmune Disorders of the Neuromuscular Junction Angela Vincent, UK	12:00 - Dementia Associated with Parkinsonism: The Spectrum Murat Emre, Turkey	12:00 - Neurosurgery as a Critical Tool in Critical Care Alexander Razumovsky, USA		
12:30 - 12:45	Discussion	Discussion	Discussion	Discussion	Discussion									
12:45 - 14:45	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:40)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)			Lunch Break, Poster and E-Poster Viewing and Exhibition Visit

14:45 - 16:15	M1c: Epilepsy - What to Do When Nothing Works	M2c: MS and Other Inflammatory Diseases - Emerging Therapeutic Strategy of MS Subtypes and NMOSD	Teaching Course: Neuroimaging & Neurointervention Chairs: Raj Kalaria, UK and Hidenao Fukuyama, Japan	Latin American Regional Symposium - Zika and its Neurologic Consequences	Free Papers	Teaching Course: Stroke II Chairs: Christopher Chen, Singapore	Free Papers	Teaching Course: Auto-Immune Disorders II - Autoimmune Neurological Disorders: Part 2 Chair: Sean Pittcock, USA and Hans Lassmann, Austria	Teaching Course: Dementia II - Advanced Chairs: Vincent Mok, Hong Kong and Murat Emre, Turkey	Teaching Course: Neurosonology Workshop (Cont'd)	Japanese Scientific Session 1
14:45 - 15:10	New Drug or Combinations? Eugen Trinka, Austria	Therapeutic Overview of MS - Emerging Goals William Carroll, Australia		Microcephaly and Zika Amilton Antunes Barreira, Brazil		14:45 - Stroke and Cognitive Impairment Christopher Chen, Singapore		14:45 - Autoimmune Encephalomyelitis and MOGopathy in Humans: What Can We Learn from Multiple Sclerosis Hans Lassmann, Austria	14:45 - The Spectrum of Non-Degenerative Dementias in Asian Countries Nagaendran Kandiah, Singapore	 Part II: Neurosonology of Peripheral Nerves and Muscles	Stroke Yasuo Terayama, Japan
15:10 - 15:35	Surgery and Stimulation Treatment (Including Brain Stimulation and VNS) Akio Ikeda, Japan	Treatment of Progressive MS Xavier Montalban, Spain	14:45 - The Use of Probabilistic Human Brain Atlases of Structure and Function in Health and Disease States Raj Kalaria, UK 15:30 - Ischemic Changes of the Brain Observed in PET Studies Hidenao Fukuyama, Japan	Guillain Barre Syndrome and Zika Carlos Pardo, USA		15:30 - Endovascular Thrombectomy - The Hot News Bernard Yan, Australia		15:30 - Update and Review of BALO's Concentric Sclerosis Katsuhisa Masaki, USA	15:30 - Vascular Cognitive Impairment, Can it Be Prevented? Vincent Mok, Hong Kong	14:45 - Clinical Usefulness of TCD /TCCS for Patients with Dementia Natan Bornstein, Israel 15:30 - Texture Analysis and Other Quantitative Assessment of Skeletal Muscle Images Hiroyuki Nodera, Japan	Dementia Shun Shimohama, Japan
15:35 - 16:00	Pediatric Epilepsy and Ketogenic Diet Heung Dang Kim, Republic of Korea	Therapeutic Approach of NMOSD Ho Jin Kim, Republic of Korea		New Spectrum of the Neurologic Consequences of Zika Marco Tulio Medina, Honduras							Epilepsy Naoki Akamatu, Japan
16:00 - 16:15	Discussion	Discussion		Discussion							Discussion
16:15 - 16:45 Coffee Break, Poster and E-Poster Viewing and Exhibition Visit											
16:45 - 18:15	M1d: Epilepsy - Diagnosing and Treating Epilepsy and its Stigma in Resource-restricted Settings	M2d: MS and Other Inflammatory Diseases - Cutting-edge Technologies for Diagnosis and Treatment in CNS Demyelinating Diseases	Teaching Course: Neuroimaging & Neurointervention (Cont'd)	T4a: Traumatic Brain Injury - The Neurobiology of Traumatic Brain Injury: The Most Complex Injury to the Most Complex Organ	North American Regional Symposium - Treating and Preventing Common Neurological Conditions	Teaching Course: Stroke II (Cont'd)	Free Papers	Teaching Course: Auto-Immune Disorders II - Autoimmune Neurological Disorders: Part 2 (Cont'd)	Teaching Course: Dementia II - Advanced (Cont'd)	Teaching Course: Neurosonology Workshop (Cont'd)	
16:45 - 17:10	Burden of Epilepsy, is it Related to Restricted Resource? Anthony Ngunjiri, Kenya	New Biomarker in Demyelinating Disorders Jun-ichi Kira, Japan		Long-Term Inflammatory and Neurodegenerative Consequences of Traumatic Brain Injury David Sharp, UK	Stroke Ralph Sacco, USA			16:45 - Approach to Diagnosis of Autoimmune/Inflammatory Spinal Cord Disorders Eoin Flanagan, USA	16:45 - Are Amyloid-Based Therapies Failing and Why? Shun Shimohama, Japan	 16:45 - Japanese Multicenter Study Hiroshi Tsukamoto, Japan	
17:10 - 17:35	Epilepsy Care Gap Ding Ding, China	Reappraisal of Neurophysiological Examinations and Therapeutic Neuromodulation Giancarlo Comi, Italy	16:45 - Neuroprotection Provided by Preconditioning and Postconditioning Tetsuya Takahashi, Japan 17:30 - Stroke Therapy Joung-Ho Rha, Republic of Korea	Neuropsychiatric Perspectives of TBI Simon Fleminger, UK	Migraine as Another "Common Neurological Disorder" David Dodick, USA	16:45 - Atrial Fibrillation - The Latest Advances Shinichiro Uchiyama, Japan 17:30 - Challenging Stroke Cases Deidre De Silva, Singapore		17:30 - Autoimmune and Inflammatory Peripheral Neuropathies: Update on Diagnosis and Treatment Hans Peter Hartung, Germany	17:30 - Immune-Based Encephalopathies: A Diagnostic Algorithm Joseph Masdeu, USA	17:30 - Discussion	
17:35 - 18:00	Stigma, a Global or Regional Problem? Kheng Seang Lim, Malaysia	Remyelination and Neuroregenerative Treatment Bruno Stankoff, France		Age Matters: A Translational Perspective on Pediatric TBI From Coma to Concussion Christopher Giza, USA	Dementia and Alzheimer's Disease - Lessons from the Oldest-old Claudia Kawas, USA						
18:00 - 18:15	Discussion	Discussion		Discussion	Discussion						
18:15 - 18:25 Short Break											
18:25 - 19:30	Opening Ceremony										
19:30 Welcome Reception in The Swan Banquet Hall & Garden											

	Main Hall - Plenary	Annex Hall 1	Room A	Annex Hall 2	Room D	Room E	Swan Hall	Room B-1	Room B-2	Room C-1	Room C-2	Room G	Room F	Room H	
07:00 - 08:00						Morning Teaching Course Coma in the ICU - A General Neurologist's Perspective Sarosh Katrak, India									
08:00 - 09:00	Plenary Lecture 3: Innovative Cybernetic Interface in Neurology (08:00-08:30) Yoshiyuki Sankai, Japan														
	Plenary 4: Neurology Diseases Global Burden (08:30-09:00) Valery Feigin, New Zealand														
09:00 - 10:45	WFN Medals Presentation (09:00-09:20)														
	Presidential Symposium & Soriano Award Lecture - The Neural Systems of Space, Including Grid Cells (09:20-10:05) Edvard Moser, Norway														
	Defining the Future of Neurology - Japan, Asia and Oceania (10:05-10:20) Hidehiro Mizusawa, Japan														
	Global Neurology Challenges and Way Forward (10:20-10:40) Raad Shakir, UK														
WFN President Elect View for the Four Years Ahead (10:40-10:45)															
10:45 - 11:15	Coffee Break, Poster and E-Poster Viewing and Exhibition Visit														
11:15 - 12:45	M3a: Neuroimaging, Molecular Functional Imaging	T5a: Disorders of the Autonomic Nervous System - Evaluation of Autonomic Disorders	T6a: Palliative Care - General Aspects	T7a: Headache	Pan-Arab Regional Symposium - Current Knowledge of Neurological Disorders Among Arabs	T22a: Neuro Otology: Spatial Orientation and Cortical Vestibular Function	Free Papers	Free Papers	Teaching Course: Botulinum Toxin Workshop - Why, When and How to Inject Botulinum Toxin: A Guide for Clinicians Chairs: Raymond Rosales, Philippines and Erle Lim, Singapore	Free Papers					
11:15 - 11:40	Anyloids and TAU Imaging Nobuyuki Okamura, Japan	General Approach to the Diagnosis of Autonomic Disorders Eduardo Benarroch, USA	Educational: What is Palliative Care M.R. Rajagopal, India	The CGRP Story - From Bench to Bedside David Dodick, USA	(11:15-11:35) Multiple Sclerosis in The Middle East And North Africa Bassem Yamout, Lebanon	Clinical Approach and Imaging of Cortical Vestibular Disorders Thomas Brandt, Germany									
11:40 - 12:05	ADNI MRI Data Michael Weiner, USA	Autonomic Neuropathies Roy Freeman, USA	Transcultural Aspects Mieko Ogino, Japan	CSF Pressure Changes - The Ups and Downs Shuu-Juan Wang, Taiwan	(11:35-11:55) Neuromuscular Disorders Among Arabs - How Much we Know? Ahmed Babiker, Sudan	Clinical Neuro-Otology of Spatial Orientation Adolfo Bronstein, UK			11:15 - Bont in Common Neurological Disorders Raymond Rosales, Philippines						
12:05 - 12:30	SPM Analysis Jean-Baptiste Pollin, USA	Synucleinopathies From Autonomic Points of View Ryuzi Sakakibara, Japan	End of Life Decisions in Neurology Gian Borasio, Switzerland	Medication Overuse Headache (MOH)-The Controversies and The Consensus K. Ravishankar, India	(11:55-12:15) Unique Movement Disorders in Arabs - Similarities and Differences Saeed Bohlega, Saudi Arabia	Body and Soul: Vestibular Dizziness and Psychological Dizziness Jeffrey Staab, USA			12:00 - How to Optimize Bont Delivery Erle Lim, Singapore						
					(12:15-12:35) Features of Hereditary Spastic Paraplegias in North African Region Chokri Mhiri, Tunisia										
12:30 - 12:45	Discussion	Discussion	Discussion	Discussion	(12:35-12:45) Discussion	Discussion									
12:45 - 14:45	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit					
					Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:50-14:40)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:50-14:40)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:50-14:40)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:50-14:40)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:50-14:40)						

14:45 - 16:15	M3b: Neuroimaging, Molecular Functional Imaging	T5b: Disorders of the Autonomic Nervous System - Pathophysiology and Management of Autonomic Disorders	T5b: Palliative Care - Clinical Examples	Teaching Course: Neuro-Oncology Chairs: Lawrence Cher, Australia and Michael Weller, Switzerland	Teaching Course: Child Neurology Chairs: Jo Wilmschurst, South Africa and Michael Johnston, USA	Teaching Course: CNS Infections & Tropical Neurology Chairs: Amadou Gallo Diop, Senegal and Tom Solomon, UK	T23a: Neurogenetics	Free Papers	Teaching Course: Botulinum Toxin Workshop - Why, When and How to Inject Botulinum Toxin: A Guide for Clinicians (Cont'd)	Japanese Scientific Session 2
14:45 - 15:10	Human Brain Connectome Project Kenichi Oishi, USA	Neuropathological Basis of Central Autonomic Failure Glenda Halliday, Australia	Neurological Palliative Care in Children Monika Fuhrer, Germany				New Genes With a New Mechanism For Epilepsy Shoji Tsuji, Japan			Multiple Sclerosis NMO Tatsuro Misu, Japan
15:10 - 15:35	Language Function of the Brain Matthew Lambon-Ralph, UK	Management of Orthostatic Hypotension Paola Sandroni, USA	Palliative Care in Brain Tumors Wolfgang Grisold, Austria	14:45 - The Last 20 Years of Neuro-Oncology: What Have We Learned? Lawrence Cher, Australia 15:30 - The New WHO Classification of Brain Tumors and Its Impact on Clinical Decision Making Michael Weller, Switzerland	14:45 - Cerebral Plasticity: Opportunities for Treatment of Pediatric Brain Disorders Michael Johnston, USA 15:30 - Diagnosis of Seizure Disorders Using Video Examples Jo Wilmschurst, South Africa	14:45 - Infections & Epilepsy Amadou Gallo Diop, Senegal 15:30 - Management of Bacterial Meningitis Diederik Van de Beek, The Netherlands	Exome Sequencing For Neurological Disorders Jeffery Vance, USA		14:45 - Case Discussions - Simple Cases and What We Learn from Them Mohamed El Tamawy, Egypt 15:30 - Case Discussions - Challenging Cases and What We Learn from Them Daniel Truong, USA	Immune Mediated Neuropathy, Takashi Kanda, Japan
15:35 - 16:00	Probabilistic Brain Atlases in Health & Disease Raj Kalariá, UK	Management of PD and MSA, including Neurogenic Bladder, etc. Jalesh Panicker, UK	Palliative Care in ALS David Oliver, UK				Genetics of Restless Legs Syndrome Juliane Winkelmann, Germany			Autoimmune Encephalopathy Satoshi Kamei, Japan
16:00 - 16:15	Discussion	Discussion	Discussion				Discussion			Discussion
16:15 - 16:45 Coffee Break, Poster and E-Poster Viewing and Exhibition Visit										
16:45 - 18:15	M3c: Neuroimaging, Molecular Functional Imaging	T8a: Myopathies and Muscle Disorders	T9a: The Role of Microglia in Neurological Disease	Teaching Course: Neuro-Oncology (Cont'd)	Teaching Course: Child Neurology (Cont'd)	Teaching Course: CNS Infections & Tropical Neurology (Cont'd)	T23b: Neurogenetics	Free Papers	Free Papers	Free Papers
16:45 - 17:10	Optical Imaging on The Brain Function David Boas, USA	Paradigm Shift in the Classification of Idiopathic Inflammatory Myopathies Marianne De Visser, The Netherlands	Physiology of Microglia: New Insights Hiroaki Wake, Japan				Ataxia Models and Preclinical Treatment Trials Stefan Pulst, USA			
17:10 - 17:35	Parkinson's Disease and Huntington's Disease by PET and MRI Paola Piccini, UK	GNE Myopathy - Update and Future Therapy Ichizo Nishino, Japan	Microglia and Synaptic Plasticity Guy Brown, UK	16:45 - Challenges in the Diagnosis and Treatment of Patients with Lower Grade Gliomas in Clinical Practice Warren Mason, Canada 17:30 - Challenges in the Neuroimaging of Brain Tumors Ricardo Soffietti, Italy	16:45 - Update on Demyelinating Diseases in Children Silvia Tenenbaum, Argentina 17:30 - Pathophysiology and Interventions for Children with Rett Syndrome Yoshiko Nomura, Japan	16:45 - Tropical Neurology in ASEAN Countries Dede Gunawan, Indonesia 17:30 - Management of Challenging CNS Infections Tom Solomon, UK	Repeat Expansion Disorders Alexandra Durr, France			
17:35 - 18:00	Diffusion Weighted Image in Neurology Hidemasa Fukuyama, Japan	Recent Diagnostic Advances in Muscular Dystrophy Satoshi Khadikar, India	Neuron-Glia Metabolic Coupling: Role in Plasticity and Neuroprotection Pierre Magistretti, Switzerland				Extensive Genetic Analysis On Taiwanese Patients with Inherited Neuropathy Yi-Chung Lee, Taiwan			
18:00 - 18:15	Discussion	Discussion	Discussion				Discussion			

	Main Hall - Plenary	Annex Hall 1	Room A	Annex Hall 2	Room D	Room E	Swan Hall	Room B-1	Room B-2	Room C-1	Room C-2	Room G	Room F	Room H
07:00 - 08:00						Morning Teaching Course David Dodick, US								
08:00 - 09:00	Plenary Lecture 5: Masland Award Lecture - Spatial Navigation Mechanisms of The Brain (08:00-08:30) Thomas Brandt, Germany													
	Plenary Lecture 6: Neurological Manifestations of Congenital Zika Syndrome (08:30-09:00) Andre Pessoa, Brazil													
09:00 - 10:30	M4a: Stroke - WSO Joint Session - Global Issues	M5a: Prion Like Mechanisms and Neurological Disease and Novel Targets Treatment - Prion-like Diseases: The Clinico-pathological Spectrum	T10a: Psychiatry - Medically Unexplained Symptoms	T11a: Autoimmune Disorders - Clinical Aspects of Multiple Sclerosis and Autoimmune Neurological Disorders	T12a: Neurooncology - Brain Tumors	Teaching Course: Epilepsy I - Newly Developed Epilepsy Syndrome and Treatment Chairs: Akio Ikeda, Japan and Riadh Gouder, Tunisia	Free Papers	Teaching Course: Movement Disorders I - Parkinson's Disease: Concept and Diagnosis Chairs: Ryosuke Takahashi, Japan and Francisco Cardoso, Brazil	Teaching Course: Neuro Rheumatology Chairs: Akset Siva, Turkey and Tracey Cho, USA	Free Papers	Free Papers			
09:00 - 09:25	Global Stroke Initiative Bo Norrving, Sweden	Prion Disease: An Overview Hidehiro Mizusawa, Japan	Medically Unexplained Symptoms Across Cultures Dinesh Bhugra, UUK	Update on Epidemiology and Treatment of NMOSD Sean Pittock, USA	Advances in Classification and Targeted Therapy of Gliomas Patrick Wen, USA									
09:00 - 09:50	Current State and Future Directions for Reperfusion Therapy Stephen Davis, Australia	Variant CJD Robert Will, UK	Gender Differences Helen Herrman, Australia	Approaches for the Diagnosis and Treatment of Autoimmune Encephalitis Keiko Tanaka, Japan	Immunotherapy for Brain Tumors: Checkpoint Inhibitors, Vaccines and Beyond Michael Weller, Switzerland	09:00 - Autoimmune Epilepsy Angela Vincent, UK 09:45 - Update on Progressive Myoclonus Epilepsy Akio Ikeda, Japan		09:00 - Etiopathogenesis of PD Ryosuke Takahashi, Japan 09:45 - Redefinition of PD Günther Deuschl, Germany	09:00 - Clinical Approach to Neuro-Rheumatology Tracey Cho, USA 09:45 - Neuro-Behcet's Akset Siva, Turkey					
09:50 - 10:15	Key Elements of Stroke Care Michael Brainin, Austria	Protein Amplification From Peripheral Tissues Claudio Soto, USA	Mental Imagery on Medically Unexplained Symptoms Roger Ng, Hong Kong	Autoimmune Neuropathy Susumu Kusunoki, Japan	New Developments in Primary CNS Lymphoma Lawrence Cher, Australia									
10:15 - 10:30	Discussion	Discussion	Discussion	Discussion	Discussion									
10:30 - 11:00	Coffee Break, Poster and E-Poster Viewing and Exhibition Visit													
11:00 - 12:30	M4b: Stroke - Acute Stroke Therapy	M5b: Prion Like Mechanisms and Neurological Disease and Novel Targets Treatment - Prion-like Propagation: What Drives What?	Tournament of the Minds: "Heats" Qualifying Round Chairs: Richard Stark, Australia and Takashi Kanda, Japan	T11b: Autoimmune Disorders - Pathomechanisms of Multiple Sclerosis and Autoimmune Neurological Disorders	T12b: Neurooncology - Neurological Complications of Cancer	Teaching Course: Epilepsy I - Newly Developed Epilepsy Syndrome and Treatment (Cont'd)	Free Papers	Teaching Course: Movement Disorders I - Parkinson's Disease: Concept and Diagnosis (Cont'd)	Teaching Course: Neuro Rheumatology (Cont'd)	Free Papers	Free Papers			
11:00 - 11:25	IDH - "Surgery, BP and Hemostasis" Kazuo Minematsu, Japan	A Beta Colin Masters, Australia		Innate Immunity and Neuroinflammation Sachiko Miyake, Japan	Brain and Leptomeningeal Metastases Emilie Le Rhun, France									
11:25 - 11:50	Rapid Assessment and Treatment of Minor Stroke and TIA Liping Liu, China	Alpha-Synuclein Masato Hasegawa, Japan		Variable Immunopathogenic Patterns in CAS Demyelinating Conditions Hans Lassmann, Austria	Medical Management of Brain Tumor Patients: Seizures, Steroids, and Vascular Complications Warren Mason, Canada	11:00 - Elderly Epilepsy and EEG Naoki Akamatsu, Japan 11:45 - How to Use New Antiepileptic Drugs Byung-In Lee, Republic of Korea		11:00 - Diagnosis of PD Heinz Reichmann, Germany 11:45 - Atypical Parkinsonism Beomseok (BJ) Jeon, Republic of Korea	11:00 - Rheumatology and NMO Overlap Kazuo Fujihara, Japan 11:45 - Immunotherapy in Neuro-Rheumatology (ANTI-CD19/20, IL6, TNF-A) Brian Weinschenker, USA					
11:50 - 12:15	Telostroke, DRIP and SHIP Bernard Yan, Australia	TAU /TDP43 Michel Goedert, UK		Autoimmune Gliopathies: Pathogenic Mechanisms Vanda Lennon, USA	Paraneoplastic Syndromes Sith Sathornsumetee, Thailand									
12:15 - 12:30	Discussion	Discussion		Discussion	Discussion									
12:45 - 14:45	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	International Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (13:00-14:30)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit			Japanese Pharma Sponsored Symposium Industry Session Not included in main event CME/CPD credit (12:55-13:45)	Lunch Break, Poster and E-Poster Viewing and Exhibition Visit
